Recommended for mounting heights up to 8'

# THE ARCHITECTURAL ELITE 8 & 10

Air curtains as smart as they are beautiful.

The perfect solution when aesthetics matter. Designed for those who are looking for a seamless integration of beauty, function and performance.

Built on Berner's strong engineering foundation, these air curtains save energy and protect the interior when the door is open.

## Standard Construction

- Intelliswitch™ digital controller, includes Berner AIR® BMS (smart control with BACnet & Modbus integration capabilities)
- Cabinet: Brushed stainless steel, grade 304 (Optional: Anodized aluminum or Custom Color)
- Bottom Panel: Clear satin anodized aluminum (Optional: Custom Color or Stainless)
- Wall or Top Mounting (Optional: rear cover for glass transoms)
- High efficiency, low noise articulating Pro-V Nozzle
- Filter (washable)
- Parts Warranty:  
Ambient - Five years; Heated - Two years

### Architectural Elite 8:

- Single lengths up to 10'
- 1/5 hp EC motor(s)

### Architectural Elite 10:

- Single lengths up to 12'
- 1/2 hp EC motor(s)

## Controls

### THE ALL NEW BERNER INTELLISWITCH™

Built-in digital controller with touchscreen display and the BERNER AIR® smart control & app

- Effortless & Flexible - choose from pre-set modes, adjust the motor speed, create a schedule, adjust the time delay, and more.
- Space heater setting and thermostat probe (heated units only)
- Low voltage circuit for air curtain activation
- Follows best practices for cyber security protocols

### BERNER AIR® BMS PACKAGE

for Building Management Systems

- Allows full integration of the air curtain with the Building Management System via:
  - BACnet-IP and BACnet-MS/TP
  - Modbus-TCP and Modbus-RTU
- On-site, secure wi-fi connection required

Sold Separately:

- Activation device: Magnetic reed door switch
- Remote mounted Intelliswitch touchscreen display

## Installation & Mounting

*Simple to install, operate & maintain*

- No Assembly Required
- Wall mounting brackets included
- 1/4" threaded inserts for top mounting
- Bottom access panel for easy access to internal components

### Vestibule Exception:

ASHRAE 90.1-2019, ASHRAE 189.1, and IECC-2015, allow AMCA Certified Air Curtains as an exception to a vestibule.
